

### **Peggy Chapman**

My name is Peggy Chapman and I reside on Hay Road in Ashburn with my spouse, Lee. I am completing my first term on the Ashburn Farm Homeowners Association (HOA) Board of Trustees this year. During 2008, I acted as liaison to the Parking Committee, and in 2009, I acted as liaison to the Events Committee. After serving on the HOA Board, I realize how much work, time, and effort are required of many citizens and HOA staff in order for Ashburn Farm to remain a community in which people enjoy living, working, and playing. I would like to continue working with others who have a vision and common interests in the future of Ashburn Farm.

My husband and I moved from North Carolina to Ashburn ten years ago to be near our family. I was a marketing writer with AT&T before taking early retirement. Following retirement from AT&T, I worked with United Way, the American Red Cross, and the North Carolina Baptist Hospital. Presently, I am employed by Nova Medical Group and Urgent Care Center, Ashburn.

After moving to Ashburn, I wanted to get to know other retirees in the community. I started attending the HOA Events Committee meetings and expressed my interest in forming an organization for seniors. The HOA management was fully supportive of assisting in organizing a senior's club, which was organized in 2003 and named the Ashburn Classics. I have served as chairperson for the Events and Membership committees and President for the club.

### **Tim Hughes**

My name is Tim Hughes and I ask for your vote for HOA trustee. My wife and I moved here with our three boys to Ashburn Farm in 2006. My impression of Ashburn is a community that has a passion for excellence and high standards for quality of life. I'm excited to be part of this community and want to commit my energy and focus to the betterment of Ashburn Farm.

I have more than 20 years of professional experience in various sales representation capacities, both as individual contributor as well as in mid and upper management roles. I currently work for Canon and my experience in working with Fortune 500 companies in Northern VA has taught me how to deal with varying personalities, as well as how to build consensus, and my results have demonstrated a consistent ability to get the job done.

In my personal life, I am married to a wonderful working mom and we're active in the life of our church. I am also busily involved in the school activities of my three sons, ages 11, 9, and 7. This also has me supporting both Cub and Boy Scout activities, coaching hockey teams at the Ashburn Ice House, and even advocating for my kids and community through Ashburn Farm Parents United.

I love Ashburn Farm and I appreciate your vote and being given an opportunity to help make it an even better place to live through a leadership role in your Homeowners Association.

### **Darrell Miller**

My family and I have been residents of Ashburn Farm for 10 years. We were drawn to this area by the schools, walking trails, and recreational facilities. I still remember driving through the neighborhoods and seeing all the people out and about interacting with their friends. This was the place we wanted to plant roots and raise our family.

I am a Sr. Director with a multi-national telecommunications company. I've designed, planned, and operated networks domestically and abroad working with billion dollar budgets, large staffs, and demanding customers. Professionally, I'm known for improving efficiency and quality of organizations and services they provide. Personally, I've been involved in scouting (Cubmaster for Pack 1154), coaching (we didn't win too many games, but had lots of fun), and first husband (my wife was PTA

president... that counts doesn't it?). Most recently I've been working with Ashburn Farm Parents United concerning school boundaries and new school placement.

Great communities like ours don't just happen, you have to work at it. A vision for the future needs to be established, recognition of where we are needs to take place, and a plan needs to be developed to get us from here to there. I would like to bring my experience to the BOT and to the community. Thank you for your consideration.

### **Marc Ripperger**

I am currently the Secretary of the Board of Trustees and seeking your vote for re-election. I have lived here in Ashburn Farm for 15 years with my family.

Before I retired from the Insurance/Financial industry I held various management positions involving sales, financial planning and troubleshooting. I am also a veteran of the U.S. Army.

I have volunteered on various committees including the Open Space Committee where I was Chairman for 4 years. I served on the Architectural Review Board for almost 4 years and served as their Vice Chairman.

I'm currently a member of the Open Space Committee and have been involved in many projects including the Windmill Pavilion project.

I'm also on the Budget and Finance committee. Since I have been involved with the B&F committee, we have balance the budget successfully. I will continue to work hard on keeping our assessments to a minimum and make sure the budget is balanced.

I feel fortunate to be a part of this community and an active member on the committees. We have accomplished a tremendous amount of work and completed many projects over the course of the 12 years that I have been involved.

I believe that my knowledge, experience, and enthusiasm are a great asset to the Ashburn Farm community. I promise to work diligently to keep making improvements to our community, listen to the concerns of residents and strive towards keeping our community a wonderful place to live. Ashburn Farm is a great community to volunteer for.
